Traumatic brain injury causes damage to the connections in many parts of the brain besides the focal point of the injury. It's not enough to heal medically. Brain Injury Rewiring for Survivors discusses medical care and goes beyond that to help the survivor heal spiritually, emotionally, cognitively, physically, socially, and vocationally through traditional and complementary medicine and good nutrition.

Brain Injury Rewiring for Survivors is one of two well-received books designed to help survivors of brain injuries. The companion book, Brain Injury Rewiring for Loved Ones, describes how family and friends of the survivor can help the survivor during recovery.
