Available in packages of ten, the PTBI test forms are for recording information about the child's performance. The test forms are a necessary component for successful test administration.

These forms are part of PTBI™, a criterion-referenced, standardized test designed for use with children ages 6–16 recovering from brain injury. An effective and innovative tool that takes just 30 minutes to complete, PTBI assesses the skills children need to return to school and function in the general education curriculum.

This product is sold in a package of 10.
