William H. Clamurro

**Cervantes's Novelas ejemplares: Reading their Lessons from His Time to Ours** William H. Clamurro  
*Cervantes's Novelas ejemplares: Reading their Lessons from His Time to Ours* offers a fresh approach to the *Novelas ejemplares* (1613) of Cervantes in which the twelve *novelas* are not analyzed individually nor on the basis of generic definitions but rather from a thematic perspective. In this way, certain pertinent themes and problems are explored by grouping the relevant *novelas* as they dramatize these problems, often leaving the reader with unresolved “conclusions,” and in other instances offering an affirmative solution. The issues examined include the ironies and injustices of social class, the problem of *honra* and justice, the complex hostilities and interactions of distinct cultures, and the problem of finding a seventeenth-century work of fiction relevant and stimulating to the twenty-first-century reader.
