Images of the Ice Age Paul G. Bahn

Images of the Ice Age, here in its third edition, is the most complete study available of the world's earliest imagery, presenting a fascinating and up-to-date account of the art of our Ice Age ancestors. Authoritative and wide-ranging, it covers not only the magnificent cave art of famous sites such as Lascaux, Altamira, and Chauvet, but also other less well-known sites around the world, art discovered in the open air, and the thousands of incredible pieces of portable art in bone, antler, ivory, and stone produced in the same period. In doing so, the book summarizes all the major worldwide research into Ice Age art both past and present, exploring the controversial history of the art's discovery and acceptance, including the methods used for recording and dating, the faking of decorated objects and caves, and the wide range of theories that have been applied to this artistic corpus. Lavishly illustrated and highly accessible, *Images of the Ice Age* provides a visual feast and an absorbing synthesis of this crucial aspect of human history, offering a unique opportunity to appreciate universally important works of art, many of which can never be accessible to the public, and which represent the very earliest evidence of artistic expression.

From reader reviews:

James Nadler:

What do you ponder on book? It is just for students because they are still students or that for all people in the world, what best subject for that? Simply you can be answered for that question above. Every person has diverse personality and hobby for each and every other. Don't to be pushed someone or something that they don't need do that. You must know how great and also important the book Images of the Ice Age. All type of book can you see on many resources. You can look for the internet solutions or other social media.

Angel Jones:

Do you one among people who can't read enjoyable if the sentence chained within the straightway, hold on guys this particular aren't like that. This Images of the Ice Age book is readable by simply you who hate those perfect word style. You will find the info here are arrange for enjoyable studying experience without leaving also decrease the knowledge that want to supply to you. The writer involving Images of the Ice Age content conveys objective easily to understand by a lot of people. The printed and e-book are not different in the written content but it just different by means of it. So , do you nevertheless thinking Images of the Ice Age is not loveable to be your top listing reading book?

Russell Stringer:

Why? Because this Images of the Ice Age is an unordinary book that the inside of the publication waiting for you to snap the item but latter it will distress you with the secret the item inside. Reading this book adjacent to it was fantastic author who all write the book in such wonderful way makes the content inside of easier to understand, entertaining way but still convey the meaning fully. So , it is good for you for not hesitating having this ever again or you going to regret it. This excellent book will give you a lot of advantages than the other book get such as help improving your ability and your critical thinking method. So , still want to postpone having that book? If I had been you I will go to the reserve store hurriedly.

Jay Klein:

Reading a reserve make you to get more knowledge from this. You can take knowledge and information originating from a book. Book is prepared or printed or outlined from each source this filled update of news. On this modern era like today, many ways to get information are available for an individual. From media social like newspaper, magazines, science reserve, encyclopedia, reference book, new and comic. You can add your knowledge by that book. Are you hip to spend your spare time to spread out your book? Or just in search of the Images of the Ice Age when you required it?
