Technical Management: A Primer

Tom Barker

Technical Management: A Primer Tom Barker

You've just been promoted to your first management role. Congratulations. Now what? Technical management is a completely different skill set from being an individual contributor in an Engineering, IT, QA, Operations, or Infrastructure organization. There are new expectations, new things to worry about, and most likely not much training available to show you all of these things. This book is meant to be that manual to show you the things that you will need to focus on right away.
