The nightmare began when a group shipwrecked on an island in the Bermuda Triangle and found themselves stalked by troodons and other beasts from the past. The horror continues as feral cannibals, hungry dinosaurs, and more terrible creatures hunt the survivors. Just when the physics of the island start to make sense, a major storm blows in, threatening any chance of rescue and bringing time to an insane loop. Scott, Helen, and the rest face raptors and titanasaurs as time circles and spins with the mega-storm. There is hope, but that hope may come with too high of a price...some things are meant to stay extinct.
