The Girl Who Could Fly Victoria Forester

You just can't keep a good girl down . . . unless you use the proper methods.

Piper McCloud can fly. Just like that. Easy as pie.

Sure, she hasn't mastered reverse propulsion and her turns are kind of sloppy, but she's real good at loop-the-loops.

Problem is, the good folk of Lowland County are afraid of Piper. And her ma's at her wit's end. So it seems only fitting that she leave her parents' farm to attend a top-secret, maximum-security school for kids with exceptional abilities.

School is great at first with a bunch of new friends whose skills range from super-strength to super-genius. (Plus all the homemade apple pie she can eat!) But Piper is special, even among the special. And there are consequences.

Consequences too dire to talk about. Too crazy to consider. And too dangerous to ignore.

At turns exhilarating and terrifying, Victoria Forester's debut novel has been praised by Stephenie Meyer, author of the Twilight saga, as "the oddest/sweetest mix of *Little House on the Prairie* and *X-Men*...Prepare to have your heart warmed." *The Girl Who Could Fly* is an unforgettable story of defiance and courage about an irrepressible heroine who can, who will, who must . . . fly.

This title has Common Core connections.

Denise Zimmerman:

As a college student, I exactly feel bored in order to read. If their teacher requested them to go to the library as well as to make a summary for some publication, they complained. Just very little students that have reading's heart or real leisure activity. They just do what the teacher wants, like asked to the library. They go there but nothing reading critically. Any student feels that examining is not important, boring as well as can't see colorful photographs on there. Yeah, it is to get complicated. Books are very important for yourself. As we know that on this time, many ways to get whatever we would like. Likewise, word says, ways to reach Chinese's country. Therefore this The Girl Who Could Fly can make you experience more interested to read.
