## **The Healer** Ken Mathers

Steve's life could have ended - should have ended. He should have died in the middle of nowhere, far from his family, alone in freezing fog on an isolated pathway, never to complete his ill-advised walk started one winter's day. He didn't die, he was saved, rescued and repaired. He went through improvements - to his body, his mind and his abilities. He has powers of healing that are unequalled and unheard of but other things have changed too. How will he cope? How will his family deal with the notion that their father, presumed and declared dead, is nothing of the sort? Steve Burton isn't an ordinary man. He was once, but not now. He's The Healer.
