The maps are all current editions, conveniently grouped together in a transparent plastic bag with a new cover, showing the covers of the three maps. Malawi & Mozambique Travel Reference Map 1:900T/1,900T We combined 6th Edition for Malawi 1:900,000 scale and 3rd Edition for Mozambique 1:1,900,000 scale. Both of these countries are unique ITMB titles. Malawi sells quite well, and always has. Mozambique is an interesting country that I explored several times while living in then-Rhodesia. Its infrastructure has suffered since independence, but Beira and the parks east of Malawi are quite good. The northern part of the country is largely undeveloped, unlike Malawi, where one of the treats of the country is Livingstonia, on a plateau overlooking Lake Malawi, where David Livingstone founded his mission and built a town of Scottish stone buildings. It has to be seen to be believed! the two countries are so inter-linked that it doesn't make sense to show one without the other. Both maps benefit from improved availability of information. Both countries are full of smiling people, and are friendly to visitors.

Swaziland Travel Reference Map 1:250,000 1st Edition. Africa's smallest country is also one of the most scenic. This detailed map of the country shows elevations, villages, roads. It is the only map of the country easily available; and has an inset of Maseru, the capital. * Please note to all retailers and distributors, this product is NOT subject to Return or Exchange, due to the deep discounts inherent in such an offer. It is well packed and should be sold as a bundle package to customers. As with other map packs that ITMB has produced, this offer is available to individuals, libraries, retailers and distributors. Value \$26 for \$13.95
