Professionalism in Medicine: A Case-Based Guide for Medical Students (Cambridge Medicine (Paperback))

Professionalism in Medicine: A Case-Based Guide for Medical Students (Cambridge Medicine (Paperback))

Learning medical professionalism is a challenging, evolving, and life-long endeavor. Professionalism in Medicine: A Case-Based Guide for Medical Students helps begin this process by engaging students and their teachers in reflection on cases that resonate with the experiences of life in medicine. Through the book's seventy-two cases, commentaries, videos, and literature-based reviews, students explore the many challenging areas of medical professionalism. Readers will appreciate the provocative professionalism dilemmas encountered by students from the pre-clinical years and clinical rotations and by physicians of various specialties. Each case is followed by two commentaries by writers who are involved in health care decisions related to that case, and who represent a wide variety of perspectives. Authors represent 46 medical schools and other institutions and include physicians, medical students, medical ethicists, lawyers, psychologists, nurses, social workers, pharmacists, health care administrators, and patient advocates.

Katherine Adkins:

As a college student exactly feel bored to be able to reading. If their teacher questioned them to go to the library in order to make summary for some book, they are complained. Just little students that has reading's heart and soul or real their leisure activity. They just do what the teacher want, like asked to the library. They go to at this time there but nothing reading very seriously. Any students feel that studying is not important, boring along with can't see colorful pics on there. Yeah, it is being complicated. Book is very important for

you. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this Professionalism in Medicine: A Case-Based Guide for Medical Students (Cambridge Medicine (Paperback)) can make you experience more interested to read.
