The Fool of New York City

Michael O'Brien

The Fool of New York City Michael O'Brien

Set in present day Manhattan, *The Fool of New York City* is the tale of two souls who are considered to be fools and idiots in the eyes of most people they encounter.

One is a literal giant, the other an amnesiac who believes he is the 17th century Spanish painter Francisco de Goya, hundreds of years old, aging more slowly than the rest of the human race. Billy the giant has also briefly suffered from amnesia years ago, and he understands the anguish of those who have lost their identity. He is an apparently simple person, a failed basketball player with an enormous good heart who takes Francisco under his wing after they meet through a seeming coincidence. Together they undertake a laborious search to discover Francisco's true past.

The trail leads them to numerous adventures, into the shrouded realm of hidden memories, the ironies and complexities of human character and destiny, of catastrophic evil and of redemption. It is a journey into the mysterious dimensions of the mind. It is about trauma and remembrance in America.

A wistful, startling read. *The Fool of New York City* is an absorbing meditation on memory, identity, and the human capacity for survival and love in the midst of the most devastating of tragedies.

— **Fiorella De Maria**, Author, *Do No Harm*

O'Brien is a masterful storyteller and a gifted artist. His beautiful depiction of human struggle and good versus evil will deeply move and inspire you.

— **Danielle Bean**, Editor, *Catholic Digest*

An extraordinary book. With exquisite prose and an artist's eye, Michael O'Brien weaves a charming narrative cut through with a heart-wrenching sorrow that might well leave you gasping for breath. It is the best of O'Brien's novels.

— **Michael Richard**, Author, *Tobit's Dog*
