The Sustainability Transformation is a must-read for anyone trying to make sense of what is happening to our world – and wanting to change it for the better.

Renowned consultant and communicator Alan AtKisson, author of the sustainability classic *Believing Cassandra*, cuts through the jargon and illuminates the essentials in this highly readable and motivational work. *The Sustainability Transformation* covers theory and practice, tools and strategies, the opportunities and the obstacles, illustrated with in-depth case studies and poignant personal anecdotes.
