When an average man, Evan Schuhman, is endowed with the power to see and control gravity he begins a dark journey that may lead to his personal destruction or even worse, the destruction of Earth. Evan was as pedestrian as a man could be, except for his overwhelming desire to become something more. After suffering a series of debilitating headaches he awakes with the ability to see the gravity around him and eventually become a master of that powerful force. As he reveals his growing power he starts to obtain the fame he has craved his entire life. Evan's moral fortitude is constantly put to the test and he fails more often than not, causing him to spiral downward into a place he never knew existed. In his darkest hour the Earth is threatened by a force that may be greater than even the self-proclaimed superhero can handle and he is faced with the toughest physical and moral test of his life. Before he can test the limits of his power, Evan is forced to decide if the world is worth saving at all.
