The Caring Ministry program was developed by the Pastoral Care Team at St. Johns Episcopal Cathedral in Denver, Colorado, to train lay people in basic pastoral skills. Its premise is that there is no better way to cultivate a receptive posture toward others than by practicing listening to God. The Caring Ministry Approach thus combines basic pastoral skills and guidelines along with an emphasis on being grounded in prayer. It invites both clergy and lay ministers to deepen the well of relationship with God as a means to developing a caring, listening heart. The text weaves expertise with reflection and draws up the rich stories and lessons from scripture that add the spark of wisdom and grace to psychological programs. It is particularly suited for use in church-based pastoral care programs.
