Love in the Real Bali Kees Smetsers

The writer of this book, Kees Smetsers, has spent many years searching for the answer to the question: Why is Bali such an attraction for him? Each year he leaves again to this mystical island and immerses himself into the everyday lives of the Balinese people. Walking through the rice fields and sleeping villages, he meets the inhabitants of the interior of Bali where life still is as it always has been. Every time, it gives him a sense of familiarity and of being "at home." The answer to the question why the Balinese people are the way they are and why he is as he is he hadn't discovered...until his last trip to Bali in the village of Umabian. In this place, deep in the interior of Bali, he comes across a priest who the answers the question that he has sought for so long. It was the culmination of a journey of discovery in which he understood the deeper emotional life of the Balinese people and was able to take a piece of himself back. He owes that to the Balinese who have embraced him in their arms and their hearts have opened for him, and as he finally was open for himself. The search for love in the everyday life of the real Bali is not always easy. His sense was often torn between the positive and negative stories about developments in the current Bali. As always there was also someone sent that helped him in his path when he was processing this information. Ketut Suryantini, a Balinese man, allowed him to vent his heart. He listened patiently to him and then said, "Oh, Kees, don't worry about Bali. Bali will always remain Bali. Try to find a balance between all the good and the evil that you have encountered in Bali and what you still will encounter." In those loving words, everything from this book is summarized.
