## **Against Equality: Don't Ask to Fight Their Wars** Ryan Conrad

This anthology gathers together pieces by contemporary radical voices critical of the mainstream gay community's uncritical approach to Don't Ask Don't Tell. It features an introduction by the inimitable Mattilda Bernstein Sycamore and essays by writers from our digital archives on LGBT investments in militarism. This archival anthology asks why the historically left/radical anti-war critique of war does not extend to DADT and the issue of queers in the military. This book provides hitherto unavailable set of critiques on a subject that has rarely been approached with as much candor and nuance. Defying the prescriptive logic of "gay is good" that permeates mainstream gay politics, it seeks to interrogate the place of the military in a queer imagining of the world and simultaneously challenges the mainstream left to question its signing on to the damaging militarism of contemporary gay politics.
