The Complete Guide to Investing in Real Estate Tax Liens & Deeds: How to Earn High Rates of Return - Safely Jamaine Burrell

Purchasing tax lien instruments from city, county, and municipal governments can provide you with very high and secure rates of return, in some cases as high as 12%, 18%, 24%, or even 1,000% or more per year. If performed correctly, investments in tax lien instruments will far outpace stock market performance, even traditional real estate investments. The key is to know how to perform this process correctly.

Tax lien certificates and deeds are not purchased through a broker; you purchase these property tax liens directly from the state or county government (depending on the state). This type of investment was created by state law, and state law protects you as the investor. Investing in tax liens and deeds can be very rewarding. Tax liens can be tax deferred or even tax-free. You can purchase them in your self-directed IRA. Interest rates vary but average between 4% and 18%. The interest rates are fixed by local governments, essentially a government-guaranteed loan. Additionally, the investment is secured by real property (real estate).

This sounds great, but what is the catch? There really is none, except you must know what you are doing! This groundbreaking and exhaustively researched new book will provide everything you need to know to get you started on generating high-investment returns with low risk, from start to finish. You will learn what property tax liens and tax lien certificates are; how to invest in tax lien certificates; how to buy tax lien certificates; insider secrets to help you double or even triple your investment, how to start with under \$1,000; the risks, traps, and pitfalls to avoid; and a detailed directory of states that sell tax lien certificates with contact information.

In addition, we spent thousands of hours interviewing, e-mailing, and communicating with hundreds of today's most successful investors. This book is a compilation of their secrets and proven successful ideas. If you are interested in learning hundreds of hints, tricks, and secrets on how to purchase tax liens and deeds and earn enormous profits, then this book is for you.
