The Secrets of Ms. Snickle's Class Laurie Miller Hornik

In Ms. Snickle's topsy-turvy classroom there are no tests or math lessons. Instead, there are pizza-topping spelling contests and class trips to find runaway desks. And there are lots of secrets, some of them quite unusual. For example, Eva is a swan, and Dennis's mother really is the tooth fairy! Lacey knows that the rule in the classroom is No Telling Secrets, but she makes it her business to learn all the secrets. And when she learns the most extraordinary secret of all—that Ms. Snickle can turn her classroom into an apartment by pushing a magic button—she discovers just how powerful secrets can be. Complemented by Debbie Tilley's zany illustrations, this wildly imaginative and humorous novel will be a hit with any kid who's ever wished for more fun at school.
