The 100-ton Sulieman is one of the most commonly encountered vessels in Imperial space and on its borders. The Scout Service uses thousands of Suliemans for reconnaissance, survey, courier/VIP transport, and liaison duties; the Sulieman II seeker is the standard mineral survey craft. Retired scouts are sometimes granted the long-term use of a Sulieman for private prospecting or trade.

Because this vessel is so easily available to PCs, this deck plan will be of interest to players as well as GMs. It comprises 8 double-sided sheets (hexes on one side, squares on the other), and includes a set of Cardboard Heroes miniatures to crew the ship and provide encounters.
