Making Men into Fathers: Men, Masculinities and the Social Politics of Fatherhood

Making Men into Fathers: Men, Masculinities and the Social Politics of Fatherhood

Prominent scholars in gender studies and the critical studies of men consider herein how varied institutional settings and policy influence the development of new models of fatherhood, and determine choices. The authors provide new insights from different historical and societal perspectives into the studies of men as gendered subjects, including the role of transnational and global issues on the practices of fatherhood, and the emergence of men's movements in contesting and reimagining fatherhood.
