"The Vampires" is a collection of classic tales about those aristocratic predators who haunt dreams and lust for blood from beyond the grave. It includes stories from Dracula creator Bram Stoker and literary greats M. R. James and Henry Kuttner, the first classic vampire story every published, and other gripping stories such as these: * A legendary vampire hunter gives a lecture on his deadly prey. * Knights encounter a chilling character at their Carpathian estate. * A sophisticated fiend preys upon a beautiful, feral boy. * A beautiful countess seduces her prey from an ancient tomb. * Walpurgis Night brings death and terror for Dracula's guest. * A diabolical Count terrorizes villagers from beyond the grave. * An Old World vampire invades Hollywood in the 1930s. The anthology is introduced by the Dark Lords, who give some background on each tale and their endarkened perspective on the vampire mythos. They also introduce the "Temple of Vampires" -- quite possibly their most diabolical project to date! Evil reading and darkest dreams, ~The Dark Lords~
