What do you get when Islamic Terrorists and White-Supremacists go up against a small group of Bible Believers in the hills of East Tennessee? Debi Pearl's newest book, *The Vision*, is a fast-paced, emotionally-charged love story between Asher and the beautiful Cheyenne who, along with their friends, have a vision to reach the lost and dying world before the fast approaching apocalyptic events make publishing the gospel impossible. *The Vision* is like a carefully-designed work of artful tapestry which includes actual historical records, current earth science, recent medical and herbal discoveries, today's international news, and crucial biblical prophecy, all of which lend a "factual" plausibility to the events taking place. The reader will be swallowed up in a world of natural herbal brews, looming threats of volcanic eruption, struggles to overcome against terrorists, and consuming grief when tragedy strikes one of their most beloved. For those who want facts, the information boxes at the bottom of the pages make this novel a work of fiction and non-fiction. *The Vision* raises reality entertainment to a whole new level.
