The Existential Pagan -- On Freedom and Responsibility Eston Mansfield, Rel Davis

The Existential Pagan is an in-depth look at the new paganism sweeping the world today. As environmental chaos threatens our species and the planet we live on, more and more people are looking for a way out. A new way of looking at the world -- based on ancient religious principles -- is gradually becoming more prevalent. Called Deep Ecology, women's spirituality, earth-centered religion, paganism or even witchcraft, it offers a way of life that respects the earth, values women, and challenges millennia-old concepts of power and control. In 27 essays, the Rev. Davis offers a way out for a world in crisis.
