2017 Gnomes: Art by Michael DuBois Wall Calendar Michael DuBois

Gnomes as we know them today were popularized in Britain during the more-is-more era of Victorian garden design. Though the decorations were eventually demoted to kitsch, gnomes persisted in fine art, where they had long joined fairies, elves, and other folkloric creatures. Michael DuBois, whose gnomes are clearly living the good life, is known for his unique style alternately described as visionary, surrealistic, and psychedelic. He studied art at SUNYNew Paltz, spent two years in San Francisco designing posters for Bay Area rock bands, and in 1987 returned to New York, settling in Woodstock, where today he works in graphic design and fine painting.
