From Deep Space with Love: A Conversation about Consciousness, the Universe, and Building a Better World Mike Dooley, Tracy Farquhar

From Deep Space with Love gives readers the chance to listen in on a fascinating conversation between one of today's most celebrated New Thought leaders—New York Times best-selling author **Mike Dooley**—and Frank, a collective of eight beings who currently live in a distant galaxy, channeled by **Tracy Farquhar**. The book is divided into four parts: Life on Brahoska (Frank's planet), Life on Earth, The Greater Universe, and Building a Better World. Topics include:

- Brahoskans' culture, relationships, technology, leisure, conception of time, and much more
- Aspects of Earthly existence, from current political and social realities to the truth about the Loch Ness Monster
- Angels, divination, other dimensions, and what we can do to make a better world, starting now

Drawing on the experiences and wisdom of Frank's much older civilization and the trials and tribulations they have moved beyond—which once rivaled those we're now undergoing on Earth—*From Deep Space with Love* is a compelling, irresistibly readable guide to a new era.
