Alec Quinn, a seventeen-year-old military cadet, embarks on a quest to find a downed airship and his missing friends. He leaves the safety of Angelis City, sails a thousand miles over forbidding forests and encounters monsters large enough to swallow him whole. The world is not as he believed it to be. The danger he finds is more than he expected. Will he find his friends? Can he save them, if he does? Elka Kole, the love of Alec Quinn's life, has been kidnapped by Strato-Pirates. She must fight to survive and find her way home. She faces bizarre creatures, discovers the world isn't what she expected and that first impressions can be deceiving. She makes unexpected friends in faraway places but can they help her get home? Come along with these two brave souls and discover a world with great dangers, where tree tops sway a thousand feet in the air and animals grow to gargantuan size. Where majestic metropolises sit in forests, like islands in a sea of trees, and airships carry thousands of Strato-Warriors across miles of inhospitable, wild jungles to clash with enemies from far off lands. Join Alec and Elka on adventures beyond their wildest dreams.
