Handbook of Essential Psychopharmacology

Dr Ronald W Pies M.D.

Handbook of Essential Psychopharmacology Dr Ronald W Pies M.D.

Handbook of Essential Psychopharmacology, Second Edition, provides an indispensable guide to vital information in the rapidly expanding field of psychopharmacology. The updated edition of this popular handbook will continue to be a reference that is simply the essential starting point in psychopharmacology for residents and experienced clinicians alike.

Busy residents and clinicians will find a quick, current, and accessible guide to basic facts about psychotropic drugs, including dosages, indications, and drug interactions. As in the first edition, its structure is clear and easy to read, including - An all-new introductory chapter, designed to equip the reader with a basic understanding of pharmacodynamics and pharmacokinetics- Four main chapters covering the four main groups of psychotropic medications: antidepressants, antipsychotics, anxiolytics, and mood stabilizers- A consistent format for all four chapters that summarizes critical information about each group of medications, including drug class, indications, mechanisms of action, pharmacokinetics, main side effects, drug-drug interaction, potentiating maneuvers, and use in special populations - A wealth of tables and graphs for quick clinical consultation and unique self-instruction sets of questions and answers- Fascinating and educational vignettes and puzzlers, extensive references for further reading, and -- new to this edition -- an invaluable appendix of fifty questions and answers, designed to test the reader's knowledge and comprehension of the text

Densely informative and packed with practical material and special features, this truly essential guide is a handy clinical reference for experienced clinicians, an ideal teaching tool for educators, and a useful resource for residents, especially those preparing for the psychiatry board examinations.

From reader reviews:

Joy Hanson:

Do you have favorite book? In case you have, what is your favorite's book? Guide is very important thing for us to be aware of everything in the world. Each book has different aim or goal; it means that e-book has different type. Some people experience enjoy to spend their time for you to read a book. They are reading whatever they have because their hobby is reading a book. Consider the person who don't like reading a book? Sometime, man or woman feel need book after they found difficult problem or perhaps exercise. Well, probably you will need this Handbook of Essential Psychopharmacology.

Mellisa White:

Do you have something that you prefer such as book? The book lovers usually prefer to select book like comic, short story and the biggest you are novel. Now, why not seeking Handbook of Essential Psychopharmacology that give your satisfaction preference will be satisfied by simply reading this book. Reading behavior all over the world can be said as the opportunity for people to know world considerably better then how they react when it comes to the world. It can't be said constantly that reading addiction only for the geeky man or woman but for all of you who wants to end up being success person. So , for every you who want to start reading through as your good habit, you can pick Handbook of Essential Psychopharmacology become your personal starter.

Charles Ginter:

Within this era which is the greater individual or who has ability in doing something more are more valuable than other. Do you want to become certainly one of it? It is just simple approach to have that. What you should do is just spending your time almost no but quite enough to get a look at some books. One of the books in the top listing in your reading list is definitely Handbook of Essential Psychopharmacology. This book that is qualified as The Hungry Inclines can get you closer in turning into precious person. By looking right up and review this reserve you can get many advantages.

Alice Rodriguez:

As a student exactly feel bored to help reading. If their teacher inquired them to go to the library as well as to make summary for some book, they are complained. Just tiny students that has reading's internal or real their passion. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading really. Any students feel that examining is not important, boring in addition to can't see colorful images on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this Handbook of Essential Psychopharmacology can make you sense more interested to read.
