This is the first aid book you'll want to read from cover to cover. Written in plain English with a touch of humor *Life's Little Emergencies* is a comprehensive medical crisis handbook for active independent seniors and caregivers alike.

Life's Little Emergencies is written by a paramedic rather than a doctor. It provides real world tips on responding to unforeseen medical emergencies using modern techniques. This isn't a book for backpacking in the Himalayas; it's for taking care of yourself with today's tools and incorporates 911 and emergency medical services.

The first aid section of the book covers techniques for conditions common to senior citizens: skin tears, fractures, and dehydration to name just a few. It also discusses life-saving techniques like CPR, bleeding control and the Heimlich Maneuver for all ages, not just seniors.

More than just a first aid book, it includes tips to be prepared for all types of emergencies, from personal illness or injury all the way up to major disasters. *Life's Little Emergencies* has advice on when to reach out for help and how to take care of oneself. Full of practical, clear, and easy-to-understand advice, this book prepares any household with older members for any medical emergency.
