Making Sense Of The Men In Your Life What Makes Them Tick, What Ticks You Off, And How To Live In Harmony Dr. Kevin Leman

What really goes on in a man's mind? How does he perceive the world, and how does that perception differ from a woman's view of reality? And how can knowing what a husband, son, father, or male colleague is really like help a woman succeed in her relationships with the male half of the species? Dr. Kevin Leman gives women an up-close and personal look at how the "other half" thinks, feels, and behaves. Topics include: understanding the male sex drive, understanding the boy your husband once was (and in some ways still is), and what makes a husband fulfilled, working with the male ego, advice for single and divorced women, and building a stronger relationship with your father. Leman says, "This is a hard-hitting book that finally tells it like it is. Half the women who read it probably won't believe it, but the half who take it to heart will have very grateful husbands who will return the love tenfold!"
