The Light Through the Trees: Reflections on Land and Farming Luanne Armstrong

The Light Through the Trees is a remarkable and deeply wise reflection on land, farming, a sense of place, connecting with nature and what it means to live on this earth. As a third-generation farmer, the author's roots go deep into the land but her work also captures her thoughts on such current issues as the environment, environmental identity, and animal ethics. Her writing is poetic, lyrical, and engaging. Part farmer, part poet, part activist, Armstrong engages her readers through her fascination and close involvement with both the natural and the human worlds.
