James A. Marcum

Thomas Kuhn's Revolutions: A Historical and an Evolutionary Philosophy of Science? James A. Marcum

This new edition of *Thomas Kuhn's Revolution* marks the 50th anniversary of the publication of Kuhn's most influential work. Drawing on the rich archival sources at MIT, and engaging fully with current scholarship, James Marcum provides the historical background to the development of *The Structure of Scientific Revolutions*.

Exploring the shift Kuhn makes from a historical to an evolutionary philosophy of science and examining Kuhn's legacy in depth, Marcum answers key questions: What exactly was Kuhn's historiographic revolution and how did it come about? Why did it have the impact it did? What will its future impact be for both academia and society? Marcum's answers build a new portrait of Kuhn: his personality, his pedagogical style and the intellectual and social context in which he practiced his trade.

Thomas Kuhn's Revolution shows how Kuhn transcends the boundaries of the philosophy of science, influencing sociologists, economists, theologians and even policy makers and politicians. This is a comprehensive historical and conceptual introduction to the man who changed our understanding of science.

Bernice Smith:

As a pupil exactly feel bored in order to reading. If their teacher asked them to go to the library in order to make summary for some book, they are complained. Just very little students that has reading's heart and soul or real their leisure activity. They just do what the trainer want, like asked to the library. They go to at this time there but nothing reading really. Any students feel that reading through is not important, boring along with can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this Thomas Kuhn's Revolutions: A Historical and an Evolutionary Philosophy of Science? can make you really feel more interested to read.
