Occasionally, unknown individuals engage in momentous events. They associate with iconic people standing at the heart of nations. Samuel Saunders is one of these. Beginning at age 15 and continuing until his demise, Samuel of the Nations chronicles a lad engaged in events dramatically affecting people and nations on a continental scale. Based on first-hand accounts and historical records, the reader will experience, through Samuel's eyes, decisive clashes and convulsion of cultures during the 18th and 19th centuries. Details of tribulation in the Caribbean, American Colonies, and Canada and among Native American tribes become personal testimonies of truth. It is the story of real people engaged in events that set monumental changes in motion within the western hemisphere. Changes affecting the world well into the modern era.

Embraced as a son by Daniel Boone, Samuel helped blaze the Wilderness Road and construct Boones Fort. Near there, Samuel and his friend William McQuinney were attacked by Shawnee warriors. William was killed while Samuel, taken prisoner, was adopted into the Shawnee Nation, launching adventures he could never have anticipated.

After three years in research the author, Norman Jay Landerman-Moore, set about writing this creative non-fiction novel, bringing human drama, adventure and national movements to greater heights of understanding while revealing a love story between an English lad and a Shawnee girl that began generations of some incredible people. It all began in Cardington, Bedfordshire England. The year was 1760.
