Chairman barrett. Ok. Thank you for your testimony. I think what we will do is we will hear the testimony of all the speakers and then we will have some questions.

I should also point out that we do have a statement that has been submitted by Senator Feingold. I have copies of that that are available to the public as well over on the side.

I also mention that when we are done with this panel, if there are individuals in the audience who wish to give public testimony, we would be more than happy to stick around with that.
